

*New England's Longest-Running Full  
Service Environmental Consulting &  
Storage Tank Compliance Company*

*Providing Your Environmental,  
Construction, Maintenance, and  
Compliance Needs since 1984*

## Storage Tank Compliance & Maintenance

### Storage Tank Compliance

- UST/AST Compliance Audits
- Tank Tightness Testing
- Cathodic Protection Testing
- Line Leak Detector Testing
- Tank Monitor (ATG) Certifications
- Ultrasonic Integrity Testing
- Storage Tank Component Testing
- AST Inspections (STI001, API 653)

### Storage Tank Maintenance

- In-service Fuel Polishing and Filtration
- Biocide & Fuel Stabilizer Circulation
- Tank-Bottom Water/Sludge Removal
- Microbial Induced Corrosion (MIC) Evaluations
- Bacterial/Fungal Testing and Fuel Treatment
- Storage Tank System Repairs and Upgrades
- Bulk Storage Terminal Repairs & Upgrades

## Environmental Services & Renewable Energy

### Environmental Engineering & Consulting Services

- Spill Prevention, Countermeasure and Control (SPCC) Plans
- Subsurface Investigations
- Storm Water Pollution Prevention Plans
- Hydrogeological Investigations
- Remediation System Design
- Risk Assessment
- Groundwater Monitoring
- Spill Response Management and Supervision
- Environmental Permitting
- Significant Hazard Notification Forms
- Multi Media Compliance Audits

### Solar Photovoltaic, Geothermal, Wind Energy Solutions

- Renewable Energy Systems Maintenance and Output Optimization
- Solar and Geothermal Assessments
- Geothermal Drilling Services
- Commercial/Residential Solar PV and Geothermal Installations
- Wind Turbine Installation and Service
- Alternative Energy Initiatives

## Construction Services

### Storage Tank Construction Services

- Storage Tank System Removal and Installation
- Alternate Life Expectancy Retrofits
- Monitoring System (ATG) Installations
- Cathodic Protection System Design and Installations
- Storage Tank Cleaning
- Oil/Water Separator Inspections and Cleanings

### General Construction Services

- Project Management
- Vacuum Excavation
- Concrete/Asphalt Work
- Video Pipe Locating and Inspection
- Excavation De-Watering
- Soil Disposal & Recycling

### Field Environmental Services

- Storage Tank Removals
- Drilling Services
- Monitoring Well Installations and Decommissioning
- Monitoring Well Sampling
- Waste Characterization
- Soil Vapor Surveys
- Pilot Tests
- Remediation System Design, Construction & Installation
- Excavation and Removal of Contaminated Material
- Closure Sampling and Reporting

189 Atwater Street, Plantsville, CT 06479
